Alison,  
Steve indicated that they would be working on it on Monday. I stressed that I would like to see it before the meeting.

Hi JD,

Just checking in, were you able to ask Steve about next week's meeting agenda during the BWPC site visit?

Thanks,

Thank you, no problem. I will get it back from my management soon I hope. They are in legislative hearings all week so not sure if they have had the time to look at the order.

It looks like Andy is already gone for the rest of the week, adults only trip with his wife. I imagine that if we get one it will be on Tuesday. Let me confirm with Steve this afternoon, I will be seeing him soon for the BWPC site visit. I will let you know.

Thanks,  
JD

JD,

No, that's it. Sorry for the typo by the way, I sent the email during the biweekly call when Steve mentioned the Action Memo item.

Also, Did you get a chance to talk to Andy about next week's meetings? I was wondering if we would be getting an agenda this week. It's a holiday on Monday and be out of the office travelling/in off-site meetings by Tuesday.

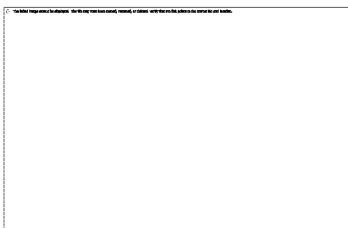

Thanks,

JD,

From reviewing this revised version was the Action Memo, we noticed it still does not include the NV hazardous waste management requirements. The requirements are around NAC 444.8632, where NV adopt by reference the RCRA hazardous waste regulations.

**Subject:** SNWA Wier Action Memo and Order

Jeff,

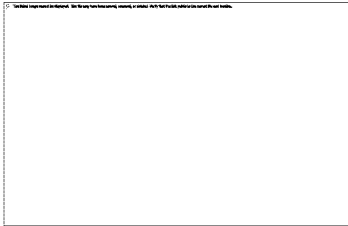

As you are aware, I have been working with the NERT on an Action Memo to treat the SNWA dewatering water associated with the Sunrise Mountain and Historic Lateral Weir construction. I have attached the Action Memo and the associated Order to NERT. NERT has provided comment and suggested language for both of these and are comfortable executing these as stated. Greg provided comment on the Action Memo previously.

I would like your review and comment on the Action Memo and the Order and your consent to have Rick and/or Micheline look at the Order and Action Memo at their level as well.

We can discuss later this week.

Thanks,

JD
